

# APRIL

## Garden Calendar

April can be a month of opportunity in the garden and landscape. Planting trees, shrubs, evergreens and perennials in April assures a good start!

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
1 	2 <b>Cold Crop Veggies Now Available!</b> Cabbage, Broccoli, Cauliflower, & More!		4 <b>STOP Crabgrass &amp; Spring Weeds</b> 	5 ...with Greenview Greensmart Crabgrass Preventer and Spring Lawn Food	6 	7 <b>PANSIES</b> <b>ADD COLOR NOW!</b> They love cool nights and sunny spring days!
8 <b>Uncover Roses NOW</b> 	9 <b>Plant Today!</b> Trees, shrubs, & perennials... the sooner they're in the ground, the sooner roots develop. This helps them get through their first summer.	10 	11 <b>FERTILIZE</b> trees, shrubs and evergreens to maximize growth.	12 	13 <b>Veggies Now Arriving</b> Tomatoes, peppers, and more! Over 200 varieties from Broccoli to Zucchini.	14 
15 Crabapples are blooming! Wait til pedals drop to prune. 	16 <b>STOP GRUBS ALL SEASON with BONIDE grub control.</b>	17 	18 <b>Can't make it to our Harding Street store?</b> 	19 <b>BLOOMS Bros Blossom Stop</b> 	20 <i>Stop by our satellite location at Meadows Shopping Center</i> M-Thur 9-6, Fri-Sat 9-7, SU 11-5	21
22 <b>Time to Start a Fruit Tree Spray Program!</b> Try our new generation Fruit Tree Guard by Bonide for superior control of pests and diseases on fruit trees, berry plants, and more!	23 	24 <b>STOP NUTGRASS!</b> and other nuisance grasses like goose and dallis grass with Weed Beater Complete which does not allow germination.	25 	26 <b>Perennial Grasses</b> are now beginning to show growth. Fertilize with Osmocote Slow Release Fertilizer or Bonide Fish Emulsion.	27	28 
29 	30 <b>Weeds taking over your lawn?</b> Use Weed Beater Ultra 4 Way Formula to get rid of the toughest lawn weeds in just one application!		<b>Avoid Slug Damage Now!</b> Spring rains bring out slugs in landscape and perennial beds. Veggie gardens too! Stop them dead with Slug Magic. Safe around children and pets!			
<b>April is Time for GRASS PLANTING!</b>			1 Prep ground for good seed to soil contact. Use a slit-seeder for establishing turf.	2 Be sure to deep water two times per week all summer to prevent burnout.	3 Fertilize new grass with Greenview Lawn Starter Fertilizer
